# 1. Key Information Summary.

## What is this?

This is an offer of the Westpac Global Currency Card which is a multi- currency, reloadable, contactless-enabled, prepaid payment facility. The Westpac Global Currency Card is a debt security issued by EML Payment Solutions Limited (“EML”). By loading money onto the Westpac Global Currency Card you give EML money, and in return EML promises to make that money available to you when you use your Card. If EML runs into financial trouble, you might lose some or all of the money you have loaded onto your Westpac Global Currency Card.

Westpac’s role in the offer of Westpac Global Currency Card is limited to marketing and distributing the Card solely by referring prospective customers to the website. Westpac is not the issuer of the Westpac Global Currency Card and neither Westpac nor any other person guarantees the Westpac Global Currency Card.

### **How you can get your money out early.**

You can withdraw money loaded onto your Westpac Global Currency Card at any time. Withdrawals may, subject to any applicable fee, be made from ATMs around the world displaying the Mastercard® acceptance mark (subject to any restrictions imposed by Mastercard in some countries or in relation to some merchants). You may close your Westpac Global Currency Card at any time and have the balance (less any fees) deposited into your nominated NZD bank account in New Zealand. The positive balance available to you to withdraw or have deposited into your nominated account will not include any uncanceled, pre-authorised or 'held' amounts, although these sums will be made available to withdraw or have deposited into your nominated account once the pre-authorisation has been cancelled or the 'held' amounts released and the relevant amounts re-credited to your Westpac Global Currency Card. The Westpac Global Currency Card cannot be sold to anyone else.

### **How The Westpac Global Currency Card ranks for repayment.**

On a liquidation of EML, your Westpac Global Currency Card will rank equally with other unsubordinated and unsecured obligations of EML. This means that on a liquidation of EML, your rights and claims as a holder of a Westpac Global Currency Card will rank:

- after all secured creditors (if any) and creditors preferred by law;
- equally with other holders of a Westpac Global Currency Card and holders of equal ranking obligations; and
- ahead of holders of subordinated debt (if any – as at the date of this PDS, there are none) and shares in EML.

To protect holders, EML is required to hold an amount sufficient to discharge its liabilities to holders on trust for the benefit of the holders. It has established the Trust Account with ANZ Bank New Zealand Limited for this purpose.

Further details, including a diagram illustrating how the Westpac Global Currency Card would rank against EML's other liabilities on a liquidation of EML are set out in section 5 of this PDS (Key features of the Westpac Global Currency Card).

### **No security.**

The Westpac Global Currency Card is an unsecured debt security. The Westpac Global Currency Card is not secured against any of the assets of EML or any other person.

### **Where you can find EML's financial information.**

The financial position and performance of EML are essential to an assessment of EML's ability to meet its obligations under the Westpac Global Currency Card. EML is not required to include financial information in this PDS because it is a continuous issue PDS. However, the required financial information can be viewed on the Westpac Global Currency Card offer page on the Disclose register at [companiesoffice.govt.nz/disclose](https://companiesoffice.govt.nz/disclose).

### **Key risks affecting this investment.**

Investments in debt securities have risks. A key risk is that EML does not meet its commitments to repay you (credit risk). Section 7 of this PDS (Risks of investing) discusses the main factors that give rise to the risk. You should consider if the credit risk of these debt securities is suitable for you.

EML considers that the most significant risk factors relating to EML's creditworthiness are:

- **Failure of Trust Account arrangements:**  
EML has established a Trust Account in connection with the operation of its Mastercard branded prepaid cards business (including the Westpac Global Currency Card). The Trust Account arrangements are with ANZ Bank New Zealand Limited. If the Trust Account arrangements operate as intended, the amount held on trust for the benefit of holders of Mastercard branded prepaid cards issued by EML in New Zealand should always be sufficient to discharge EML's liabilities to those holders. However, if the Trust Account arrangements do not operate as intended (for instance, because less money is held on trust than is required,

or the trust arrangements are not legally effective), and EML becomes insolvent, holders of the Westpac Global Currency Card will not benefit from the Trust Account arrangements and their only recourse would be to claim as unsecured creditors in EML's liquidation along with all other creditors.

- **Failure of service providers:** EML's business operations are reliant on third parties providing a range of services to EML. If a third party failed to pay money to EML when due, that in turn could lead to EML being unable to meet its payment obligations, including to pay amounts into the Trust Account as described above.

This summary does not cover all of the risks of investing in the Westpac Global Currency Card. You should also read section 5 of this PDS (Key features of the Westpac Global Currency Card) and section 7 of this PDS (Risks of investing).

**No credit rating.**

EML's creditworthiness has not been assessed by an approved rating agency. This means that EML has not received an independent opinion of its capability and willingness to repay its debts from an approved source.

##### **What is the Westpac Global Currency Card?**

The Westpac Global Currency Card is a multi-currency reloadable, contactless-enabled, prepaid payment facility that can be used by you to obtain local currency from millions of Mastercard® ATMs around the world, and to pay directly for goods and services at millions of shops, restaurants, hotels and other locations displaying the Mastercard acceptance mark. The Card can also be used online at merchants that accept Mastercard. Although the Mastercard acceptance mark may be displayed, in some countries or in relation to some merchants the Card may not operate due to restrictions imposed by Mastercard. Details of the countries or merchants in which the Card will not operate are available at [westpaccurrencycard.co.nz](https://westpaccurrencycard.co.nz).

There are multiple currencies available on your Westpac Global Currency Card which you can manage online 24/7 via “My Account” at [westpaccurrencycard.co.nz](https://westpaccurrencycard.co.nz).

### **What is EML’s relationship with Mastercard, Mastercard Prepaid Management Services and Westpac?**

EML is the issuer of the Westpac Global Currency Card and is a member of the Mastercard payment scheme. Mastercard is responsible for the settlement of transactions using the Westpac Global Currency Card, but Mastercard may outsource these functions to service providers.

Mastercard Prepaid Management Services distributes Cards and supplies the processing services for Cards, including services and systems necessary to support the issue of, and the processing of all transactions using, Cards. Mastercard Prepaid Management Services is part of the Mastercard group of companies. Westpac will distribute and market the Westpac Global Currency Card. All obligations in relation to money loaded on your Westpac Global Currency Card are obligations of EML.

### **Key benefits of the Westpac Global Currency Card.**

#### **Convenience.**

Your Westpac Global Currency Card is a convenient way for you to take multiple currencies overseas, enabling you to easily manage your money while away from home. You can use it online or to pay directly for goods and services at Mastercard® merchants, or withdraw local currency from any ATM displaying the Mastercard acceptance mark. With the Westpac Global Currency Card you do not need to worry about bank opening hours or lengthy queues, you can access your funds instantly, at any time of the day or night.

The Westpac Global Currency Card cannot be used in some countries or geographical regions where restrictions or sanctions are in place, or as means of pre-authorising expenditure with some businesses (such as hotels, cruise lines and car rental companies). EML and Mastercard Prepaid Management Services cannot control when an ATM or POS terminal is out of operation for maintenance or is faulty or if a merchant chooses not to accept the Westpac Global Currency Card. In these cases you

Card may not function properly and may be declined. If other exclusions apply to the use of the Westpac Global Currency Card they will be notified to you from time to time at [westpaccurrencycard.co.nz](https://westpaccurrencycard.co.nz).

The currencies available in respect of your Westpac Global Currency Card may vary from time to time and not all currencies may be available at all times. Before making a decision to acquire the Westpac Global Currency Card, please visit [westpaccurrencycard.co.nz](https://westpaccurrencycard.co.nz) for details of the available currencies.

Your Westpac Global Currency Card can be managed online at [westpaccurrencycard.co.nz](https://westpaccurrencycard.co.nz) – from here you can conveniently access your Westpac Global Currency Card information at any time, including your balances, allocate your funds across different currencies, and check your transaction history. There will be no charge for electronic statements through [westpaccurrencycard.co.nz](https://westpaccurrencycard.co.nz).

### **Easy to Budget.**

The Westpac Global Currency Card enables you to load both foreign currencies and New Zealand dollars onto the one payment facility and access this with your Card. This means you can exchange your New Zealand dollars into one or more currencies which you may require before you travel. When travelling you then know exactly how much you have to spend in the relevant currency. As your Westpac Global Currency Card is a prepaid payment facility, you can only access and spend the value that you have loaded onto your Westpac Global Currency Card. It is not a credit card.

Your Westpac Global Currency Card can only be used if it is in a positive balance. In the event that the balance of your Westpac Global Currency Card records a negative balance, in accordance with the Terms and Conditions you will be liable to pay to EML the amount required to restore your Westpac Global Currency Card to a positive balance.

If you want to use your Westpac Global Currency Card again, you can load more funds onto it for your next trip. If you have money left on your Westpac Global Currency Card at the end of your travels, you can obtain a refund of your remaining balance (a Cash Out fee will apply – please see “Fees and charges” below).

### **Reloadable.**

Your Westpac Global Currency Card can be reloaded as many times as you want within the applicable limits (set out under “Limits” below), so you can keep your Westpac Global Currency Card for the next time you travel.

We are constantly looking to provide new reload options and more convenient ways of reloading. Please check online at [westpaccurrencycard.co.nz](http://westpaccurrencycard.co.nz) for details of any additional reload methods made available from time to time.

You can load additional funds onto your Westpac Global Currency Card by using an Online Load or Bank Transfer Load as detailed below. Please visit [westpaccurrencycard.co.nz](http://westpaccurrencycard.co.nz) for more details.

### **Contactless.**

Your Card is Mastercard contactless enabled. Mastercard contactless is the faster way to pay for purchases under the applicable transaction limit without a signature or PIN. Just tap your Card against the reader and go. For more information, please visit [Mastercard.com/contactless](http://Mastercard.com/contactless).

Transaction limits for contactless transactions may change from time to time. For transactions above the limit, additional authorisation is required. Different transaction limits apply in different countries.

### **Global Emergency Assistance.**

Should you lose your Card or if it has been stolen while you are away you may be eligible to receive an emergency cash disbursement (within certain limits set by Mastercard Prepaid Management Services from time to time).

To access emergency assistance simply call the Global Emergency Assistance helpline on 0800 444 691 (local call) or +44 207 649 9404 (from outside New Zealand) (call charges may apply).

Once a customer service representative has established that you have sufficient means of payment (through the availability of money on your Westpac Global Currency Card) EML will arrange for money to be made available to you at a convenient disbursement location. Disbursement locations include Western Union, MoneyGram and other Mastercard Prepaid Management Services approved agent locations. You will be advised of the relevant address details, telephone number and opening hours of the nearest agent location.

### **Security features.**

For additional security your Card is chip and personal identification number (“**PIN**”) protected and has a signature panel on the reverse of your Card. If your Card is lost or stolen or you have forgotten your PIN you can call the Global Emergency Assistance helpline set out above for immediate assistance (call charges may apply). These numbers are also set out in the Terms and Conditions, online at [westpacurrencycard.co.nz](http://westpacurrencycard.co.nz) and on the reverse of your Card. ATM withdrawals will always require a PIN.

### **Important information relevant to Westpac Global Currency Card.**

#### **Security.**

It is important that you safeguard your Westpac Global Currency Card and your Card details, your PIN and any other passwords, equipment or software required for your operation of your Westpac Global Currency Card and your Card. If you do not, then you may be liable for unauthorised transactions (i.e. where a transaction is carried out without your knowledge and consent) and other amounts as explained further in the Terms and Conditions. For POS transactions, unless the transaction is a Mastercard contactless-enabled transaction under the applicable transaction limit, you will be asked to enter your PIN or provide a signature to confirm the transaction.

In certain circumstances, EML’s liability in respect of unauthorised transactions is limited, meaning that you may still be liable for the transaction. In some circumstances EML may not be liable for losses caused by equipment or system failure (including consequential losses), meaning that you may still be liable for the transaction and consequential losses. Further details on the limits to EML’s liability are set out in the Terms and Conditions.

#### **Foreign exchange fluctuations.**

When you load and/or allocate money across currencies, you are exposed to, and take the risk of, foreign exchange fluctuations across these various currencies. For instance, if you were to hold US dollars on your Westpac Global Currency Card (which was loaded at the prevailing exchange rate on the day of loading), then over time,

the NZ dollar equivalent of this US dollar amount may be less than, or more than, the original NZ dollar amount.

When you use your Westpac Global Currency Card around the world, cash is disbursed in the local currency. If the local currency is not one of the currencies loaded on your Westpac Global Currency Card, or is one of the currencies loaded on your Westpac Global Currency Card but the balance of that currency is insufficient for the transaction, the default order of priority of your available currency balances will apply (see below under “Default order of priority”). This means that you are exposed to, and take the risk of, exchange rate fluctuations.

### **Service availability.**

In some circumstances, there is a risk that ATM or POS services may not be available for a period of time. The operation of your Westpac Global Currency Card is dependent upon the reliability and operational processes of technology and communications providers, with respect to computer and telecommunications networks. While all parties seek to achieve 100% availability, process and service disruptions may occur.

The Westpac Global Currency Card is for electronic use only and must not be used for manual (e.g. imprinters or click-clack machines) or offline transactions (e.g. an in-flight or cruise ship transaction that will not be completed until the flight has landed or the cruise ship has docked).

### **Reliance on Mastercard.**

EML's ability to offer the Westpac Global Currency Card is entirely dependent on its contractual arrangements with Mastercard, which enable EML to offer the Cards and permit holders to obtain cash from Mastercard ATMs around the world.

Mastercard has certain rights, as set out in the Mastercard rules (available at [Mastercard.us/en-us/business/overview/support/rules.html](https://www.mastercard.us/en-us/business/overview/support/rules.html)), to terminate EML's membership of Mastercard. If the arrangements with Mastercard were to end, EML would no longer be able to offer the Westpac Global Currency Card and holders would not be able to withdraw cash using their Cards from ATMs, and would be required to obtain their money directly from EML through a Cash Out.

## **Loading large amounts of money.**

The risks associated with the Westpac Global Currency Card may be increased by loading large amounts of money onto your Westpac Global Currency Card as no interest is payable on that money and foreign exchange rate fluctuations (as described above) will have a greater impact the larger the amounts loaded onto your Westpac Global Currency Card.

## **How the Westpac Global Currency Card works.**

### **Managing your money.**

Once your Westpac Global Currency Card has been activated and you have registered online through “My Account” at [westpaccurrencycard.co.nz](https://westpaccurrencycard.co.nz), you can load money, check your balance, allocate your money across different currencies (fees apply, see “Fees and charges” below), and view your recent transactions online.

### **Loading money.**

Before you can use your Card to make purchases or withdraw cash, you will need to load money onto your Westpac Global Currency Card. There are currently a number of ways that you can load money onto your Westpac Global Currency Card including an Online Load or a Bank Transfer Load. Your Westpac Global Currency Card can be loaded in the available currencies as often as you like subject to the limits set out below under “Limits”.

To perform an Online Load you will need to visit [westpaccurrencycard.co.nz](https://westpaccurrencycard.co.nz) and follow the online prompts. You will need to settle an Online Load using methods made available to you and subject to any online ordering terms and conditions.

To perform a Bank Transfer Load from a New Zealand bank account (using the internet, mobile or phone banking service provided to you by your bank or financial institution) you will need to log on to this service and choose to make a payment to another bank account (this may be referred to as a “funds transfer”, “pay anyone” or a similar term) and use the details provided to you on the confirmation page and in the email which will be sent to you after you complete the payment instruction. You can also retrieve these details from “Settings” within “My Account” at [westpaccurrencycard.co.nz](https://westpaccurrencycard.co.nz).

Bank Transfer Loads will generally take two (2) business days to be processed. However, they may take longer if the payment is made after 2pm on a business day (New Zealand standard time). Load times may vary between financial institutions including when your transfer is initiated outside business hours or prior to or during a weekend or public holiday.

Please note that the bank transfer account number for a Bank Transfer Load that will be provided to you does not constitute a deposit account and is provided solely for the purpose of enabling you to load money onto your Westpac Global Currency Card. You are unable to use the account details to make any other payments, including but not limited to direct debit payments.

Bank Transfer Loads must be made using New Zealand dollars from a New Zealand bank account.

If it becomes possible to load money onto your Westpac Global Currency Card in some other way in the future, this will be notified to you and described at [westpaccurrencycard.co.nz](http://westpaccurrencycard.co.nz).

### **Reloading money.**

Your Westpac Global Currency Card is reloadable, which means that money can be loaded multiple times onto your Westpac Global Currency Card within the applicable limits. If you want to use your Westpac Global Currency Card again, you can reload it when you are overseas or load more money onto your Westpac Global Currency Card for your next trip.

### **Withdrawing money.**

You can withdraw the balance remaining on your Westpac Global Currency Card in New Zealand dollars at any time or you can transfer your remaining balance to New Zealand dollars and spend domestically using your Westpac Global Currency Card.

### **Available currencies.**

Using New Zealand dollars, you can purchase and hold multiple currencies on your Westpac Global Currency Card which can be accessed using your Card. Each currency that you purchase when loading your Westpac Global Currency Card will be held in a distinct currency balance. The currencies that are available are New Zealand dollars ("NZD"), Australian dollars ("AUD"), United States dollars ("USD"), Euros ("EUR"), Great British pounds ("GBP"), Japanese yen ("JPY"), Canadian dollars ("CAD"), Hong Kong dollars ("HKD") and Singapore dollars ("SGD"). The available currencies may change from time to time.

As the Westpac Global Currency Card is a multi-currency payment facility, it is set up so that you can fully utilise your entire balance to fund a transaction. This means that where you do not have money available in the currency of the transaction, either because it is not an available currency, or because you do not have a sufficient balance in the relevant currency, your Westpac Global Currency Card will use the balances of your other loaded currencies in the default order of priority to fund the transaction.

### **Default currency.**

Money that you load onto your Westpac Global Currency Card via Bank Transfer Load will be allocated to your current default currency at the time the payment is processed (and will be converted to that default currency if the default currency is not New Zealand dollars). The default currency will initially be New Zealand dollars, however you can change your default currency at [westpaccurrencycard.co.nz](http://westpaccurrencycard.co.nz). Please note that you can only have one default currency at a time.

### **Default order of priority.**

Your Westpac Global Currency Card will first take money from the relevant currency balance that the transaction is denominated in, i.e. if the transaction in question is in US dollars, your Westpac Global Currency Card will first look to see if you have a sufficient US dollar balance and, if not, will then work its way through the other currency balances in the default order of priority until the transaction amount is able to be satisfied in full. The default order of priority is set out below. The default order of priority may change from time to time.

1	2	3	4	5	6	7	8	9
NZD	AUD	EUR	USD	GBP	JPY	CAD	HKD	SGD

If there is insufficient money in all currencies on your Westpac Global Currency Card, the transaction may not be completed. Further details on the application of the default order of priority are set out in the Terms and Conditions.

### **Important information about different transactions.**

A foreign exchange margin applies to the transaction amount if the Card is used for withdrawals in any currency other than a currency available on your Westpac Global Currency Card. The applicable margin applied to the converted currency transaction amount is 5.95%.

Where you do not have a balance in the currency of the transaction, your Westpac Global Currency Card will be debited according to the default order of priority (described above). In addition, we will debit the balance of each currency in this order until the relevant transaction amount has been satisfied.

### **Currency conversion fees.**

Whenever a transaction using your Westpac Global Currency Card results in a foreign exchange transaction (including loading money onto your Westpac Global Currency Card that you wish to hold in a non-NZ dollar currency), a currency exchange rate (including a margin) will be applied. A foreign exchange transaction will occur where money is loaded onto your Westpac Global Currency Card in a foreign currency, allocated by you from one currency to a different currency on your Westpac Global Currency Card (through [westpaccurrencycard.co.nz](http://westpaccurrencycard.co.nz)), converted to NZ dollars on closing your Westpac Global Currency Card or converted by EML according to the default order of priority in order for EML to satisfy any negative balance or fees owing to EML. The currency exchange rate (including a margin) used for this is set and determined by Mastercard Prepaid Management Services. For loads, reloads and Cash Outs via the website, the currency exchange rate varies each day and will be notified to you at the time of your request for the load, reload or Cash Out.

Otherwise, where money is withdrawn or used for purchase transactions in a currency which is not supported by the Westpac Global Currency Card, or where money is allocated by EML from one currency to a different currency as a result of a purchase or withdrawal transaction, the currency exchange rate used consists of the rate determined by Mastercard® to be the wholesale rate in effect on the day the transaction is processed.

### **Example of Foreign Exchange Margin for a Westpac Global Currency Card loaded with NZ Dollars only:**

Suppose you make a withdrawal from an ATM outside New Zealand (in Brazil) for Brazilian Real BRL50.00 and the prevailing exchange rate, set by Mastercard, is  $\text{BRL1.00} = \text{NZD}\$1.34$ . Before the foreign exchange margin applies, this would equate to  $\text{NZD}\$67.00$  ( $\text{BRL50.00} \times \$1.34$ ) that would be deducted from your balance.

After the foreign exchange margin of NZD\$3.99 is applied (NZD\$67.00 x 5.95%), this would equate to NZD\$70.99 (NZD\$67.00 + NZD\$3.99) that would be deducted from your balance.

### **Westpac Global Currency Card Terms and Conditions.**

Separate Terms and Conditions apply to the use of your Westpac Global Currency Card - see [westpaccurrencycard.co.nz](http://westpaccurrencycard.co.nz) for more information.

### **Expiry date of your Card.**

Your Card has an expiry date which is printed on the front side of your Card. You cannot access money loaded onto your Westpac Global Currency Card by using your Card, or use your Card, after the expiry date unless you request a replacement Card, activate it and transfer the balance to that Card to access money loaded onto your Westpac Global Currency Card. However, you will still be able to obtain your money loaded onto your Westpac Global Currency Card from EML through a Cash Out.

### **Other important features of the Westpac Global Currency Card.**

#### **Trust Deed.**

The Westpac Global Currency Card is subject to a Trust Deed between EML and the Supervisor. The Trust Deed contains a number of standard provisions, including provisions relating to:

- the role of the Supervisor and the powers and duties of the Supervisor;
- the process for replacement of the Supervisor;
- the right of the Supervisor to be indemnified; and
- the process for amending the Trust Deed.

The Trust Deed also contains events of review and events of default (see clauses 10 and 11 of the Trust Deed).

They include a failure by EML to make a payment on the Westpac Global Currency Card, a breach by EML of a material provision in the Trust Deed, and also insolvency-type events that affect EML.

If any event of review occurs, the Supervisor has certain rights to allow the board of EML to explain how it will rectify the matters giving rise to the event of review. If the Supervisor is not satisfied that EML's explanation will rectify the matters giving rise to the event of review, the Supervisor may give directions to EML prohibiting EML from accepting new holders or accepting any payment from an existing holder that would increase the balance of their Westpac Global Currency Card.

If an event of default occurs, the Supervisor may at its option, and must upon being directed to do so by special resolution of all holders of prepaid card programmes issued by EML (including the Westpac Global Currency Card), declare the amount standing to the credit of all Westpac Global Currency Cards to be immediately due and payable.

#### **Trust Account arrangements.**

EML has established a Trust Account with ANZ Bank New Zealand Limited in connection with the operation of its Mastercard branded prepaid cards business (including the Westpac Global Currency Card).

If the Trust Account arrangements operate as intended, the amount held on trust for the benefit of holders of Mastercard branded prepaid cards issued by EML in New Zealand should always be sufficient to discharge EML's liabilities to those holders.

#### **Ranking.**

The Westpac Global Currency Card constitutes unsecured, unsubordinated obligations of EML. On a liquidation of EML, amounts owing to holders of a Westpac Global Currency Card rank equally with all other unsecured, unsubordinated obligations of EML.

The ranking of the Westpac Global Currency Card on a liquidation of EML is summarised in a diagram similar to the below diagram which is available to view on the Westpac Global Currency Card on the Disclose register at [companiesoffice.govt.nz/disclose](https://companiesoffice.govt.nz/disclose).

All amounts specified in the diagram are in Australian Dollars.

Ranking	Liabilities	Indicative amount of existing liabilities and equity of EML
Higher ranking/earlier priority		
Liabilities that rank in priority to the Westpac Global Currency Card on the liquidation of EML	Secured creditors and creditors preferred by law	A ranking diagram, including indicative amounts based on the financial position of EML at its most recent balance date (or a more recent stated date), is incorporated by reference into this document and is available online on the Westpac Global Currency Card offer page on the Disclose register at <a href="http://companiesoffice.govt.nz/disclose">companiesoffice.govt.nz/disclose</a> . All amounts specified in the ranking diagram are in Australian Dollars.
Liabilities that rank equally with the Westpac Global Currency Card on the liquidation of EML	Unsubordinated obligations and all other unsecured obligations (such as trade and general creditors and holders of other prepaid card facilities issued by EML)	
Liabilities that rank below the Westpac Global Currency Card on the liquidation of EML	Subordinated debt (if any - as at the date of this PDS, there is none)	
Equity		
Lower ranking/later priority		

Apart from the Trust Account arrangements described above, there are no limitations on EML's ability to create further liabilities in the Trust Deed or otherwise that rank equally with, or in priority to, the Westpac Global Currency Card in a liquidation of EML.

## 6. EML's financial information.

### Selected financial information and ratios.

A table that provides selected financial information about EML is available to view on the Westpac Global Currency Card offer page on the Disclose register at [companiesoffice.govt.nz/disclose](http://companiesoffice.govt.nz/disclose). EML's full financial statements are also available on the Westpac Global Currency Card page on the Disclose register at [companiesoffice.govt.nz/disclose](http://companiesoffice.govt.nz/disclose).

EML's financial performance and position is critical to EML's ability to meet its obligations, including those owed to you. If you do not understand this sort of financial information, you can seek professional advice.

The law normally requires the financial information to be determined or prepared in accordance with New Zealand generally accepted accounting practice. In this case, the financial information is determined or prepared in accordance with Australian equivalents to International Financial Reporting Standards. This is allowed under the Financial Markets Conduct (EML Payments Solutions Limited) Exemption Notice 2021.

The financial information is presented in Australian Dollars.

## **7. Risks of investing.**

This section 7 describes risks associated with the Westpac Global Currency Card. This section describes certain

- General risks associated with EML; and
- Specific risks relating to EML's creditworthiness.

### **General risks.**

Holders of the Westpac Global Currency Card are subject to the general risk that EML could become insolvent, or be placed into receivership, administration, or liquidation, or be wound up, dissolved or reorganised, or be otherwise unable to meet its obligations in relation to the Westpac Global Currency Card.

In the event of the insolvency of EML, including a liquidation of EML involving a shortfall of money, your rights and claims as a holder of the Westpac Global Currency Card will rank equally with other holders of the Westpac Global Currency Card and equally amongst the rights and claims of holders of equal ranking obligations, but after all creditors preferred by law. In the event of insolvency, there may be a shortfall of money to pay all amounts ranking ahead of, and equally with, the Westpac Global Currency Cards. If such an event of insolvency occurs this would result in holders of the Westpac Global Currency Card not receiving repayment of the balance of their Westpac Global Currency Card.

### **Specific risks relating to EML's creditworthiness.**

The circumstances that EML is aware of that exist or are likely to arise that significantly increase the risk that EML

may default on any of its payment obligations under the Westpac Global Currency Card are set out below.

### **Trust Account arrangements.**

Money loaded onto your Westpac Global Currency Card is not paid directly into the Trust Account. Rather, the extent to which sufficient money is properly held in the Trust Account (described above in section 5 of this PDS (Key features of the Westpac Global Currency Card)) is dependent on EML's continued performance of its obligations under the Trust Account arrangements. EML is also dependent on certain third party service providers, such as Mastercard Prepaid Management Services, for the operation of the Trust Account arrangements, the risks of which are outlined below.

Although EML has declared a trust over the money in the Trust Account in favour of holders of Mastercard branded prepaid cards issued by EML in New Zealand (including the Westpac Global Currency Card), it is possible that the effectiveness of this declaration could be challenged (for instance, by a liquidator of EML if EML was insolvent), and a court may not recognise the trust. In addition, it is possible that money is not paid into the Trust Account when required, or is withdrawn in circumstances that are not permitted.

If the Trust Account arrangements are not effective or do not operate as intended and in the unlikely event that EML becomes insolvent, holders of the Westpac Global Currency Card will not benefit from the Trust Account arrangements and their only recourse would be to claim as unsecured creditors in EML's liquidation along with all other creditors.

EML considers that the likelihood of the Trust Account arrangement not operating as intended is low. However, were EML to become insolvent, and the Trust Account arrangements were found to be ineffective, the impact on holders of the Westpac Global Currency Card could be significant.

### **Service providers.**

EML's business operations are reliant on third parties providing a range of services to it, in particular Mastercard Prepaid Management Services. EML depends upon Mastercard Prepaid Management Services to supply various services relating to the operation of the Westpac

Global Currency Card. These services include all payment transfer and ancillary services and systems which are necessary to process all transactions on the relevant cards, such as card design, production of terms and conditions and cardholder agreements, customer data, transaction processing, cardholder customer services and other related services.

If Mastercard Prepaid Management Services fails to pay amounts to EML when due, that in turn may mean EML is not able to meet its payment obligations, including amounts payable into the Trust Account as described above. In addition, if EML's arrangements with Mastercard Prepaid Management Services end, EML will not be able to offer the Westpac Global Currency Card and you may not be able to withdraw cash from Mastercard ATMs using your Westpac Global Currency Card, but you will be able to obtain your money directly from EML through a Cash Out. EML has no reason to believe that Mastercard Prepaid Management Services will not perform its contractual obligations with EML. However, if Mastercard Prepaid Management Services failed to discharge its obligations to EML, the impact on holders of the Westpac Global Currency Card could be significant.

## **8. Tax.**

There may be tax consequences from acquiring or disposing of your Westpac Global Currency Card. If you have any questions relating to the tax consequences of the Westpac Global Currency Card, you should obtain professional advice on those consequences.

## **9. No reliance.**

This PDS does not constitute a recommendation by Westpac, the Supervisor, Mastercard Prepaid Management Services or any of their respective directors, officers, employees, agents or advisers to apply for a Westpac Global Currency Card.

You must make your own independent investigation and assessment of the financial condition and affairs of EML before deciding whether or not to apply for or load/reload on your Westpac Global Currency Card.
